Another Complaint Which Alleges Conspiracy is Filed.

WANT JUDGMENT SET ASIDE.

Case Involves Action of the Luke Collection Agency and a Restraining Order is Asked For by Plaintiffs.

Another complaint showing up the methods of the Luke collection agency and its justice court at Marray presided over by Charles F. Durand, was filed in the district court yesterday afternoon in which it is alleged that there was a conspiracy between the defendants to chest and defraud plaintiffs out of money. August Valentine and wife are the plaintiffs and Olina Wathen, Francis G. Luke, J. P. Mc-Omie, former justice of the peace at Murray, C. F. Durand, the present justice, and the Merchants' Protective us-sociation are the defendants, Plaintiffs ask that a certain judgment rendered against them by McOmie be declared null and void, and that the defendants be restrained from issuing an execution in the case or from taking the further action whatever in comany further action whatever in con-nection with the case.

It is alleged that Luke filed an ac-Offna Wathen to recover certain sheep alleged to have been leased to Valen-tine and wife. The latter demurred to the complaint and objected to the jurisdiction of the court on the ground that neither of the parties to the ac-tion were residents of Murray and the tion were residents of Murray and the sheep in question were located in Box-clder county and had never been in this county. McOmic overruled the demurrer and objection to his jurisdiction and the case finally went to trial on Oct, 7, 1903.

At the conclusion of the evidence

justice McOmie announced that in his udgment there was no cause of action against defendants but he was interrupted by Luke who suggested that he take the matter under advisement. McOmic accordingly took the case un-McOmic accordingly took the case under advisement and on Oct, 13 notified the attorneys for the Valentines that he had rendered judgment against them for the recovery of 75 head of sheep or their value assessed at \$225. On Nov. 6 the Valentines filed notice of appeal and on Nov. 11 the attorney for plaintiff received notice of objections to the sureties on the appeal

ections to the sureties on the appeal bond. On the same date new and ad-ditional sureties were secured but it is alleged that McOmie refused to prove the bond on the ground that it had not been filed in time and in order to make it appear that the bond had not been filed within the statutory time it is alleged that McOmie antedated the judgment so that his records would show that it was rendered on Oct. 7 instead of Oct. 13.

An order was obtained from the district court directing McOmie to transmit the papers on appeal to the district court. The attorney for Luke and Mc-Omie then moved that the appeal be dismissed but the motion was denied.
In some manner Luke induced Durand, who is McOmie's successor, to enter up a Judgment against the Valentines and the Saltair pavilion. Both goullement expressed themselves as highly gratified with what they saw. threatened to have an execution issued to collect about \$300 from the plaintiffs herein and their sureries.

Judgment is therefore asked that the sald judgment be set aside and that the defendants be restrained from issuing an execution or taking any fur-ther action in the case. A temporary restraining order has been issued from the district court.

#### DRUNKENNESS AND CRUELTY. Charges Made in Suit for Divorce by

Mary Erekson.

Cruelty, drunkenness and failure to support are the grounds upon which Mary M. Erekson asks for a divorce from Peter W. Erekson in her complaint filed in the district court today. The parties were married at Mt. Pleasant on Nov. 25, 1900, and have one child. It is alleged that defendant has drunkard for more than five years past and that during that time fane language towards plaintiff and on a number of instances has struck her with his hand or fist. In July of this year she alleges that he came home late at night and struck her with his fist and threw her out of the house and kept her locked out for over an hour Plaintiff alleges that she was unable to live with defendant and accordingly left him on Aug. 30. She asks for the custody of their child, for \$25 per month alimony and \$150 as atterney's

### COURT NOTES.

The arraignment of Ed Thompson charged with burglary and grand larceny, was today continued by Judgo Armstrong until Sept. 18. Thompson is charged with burglarizing a room in the Kenyon hotel on July 22 and stealing jewelry valued at \$200.

Suit has been filed in the district court by Francis L Crawley against the Utah Light and Rallway company to recover damages in the sum of \$10,have been received by plaintiff by falling from a Waterloo car at the corner of Fifth South and Fifth East streets on July 13, 1906.

Alfred Bell was arraigned before Judge Armstrong in the criminal di-vision of the district court today upon the charges of forgery and uttering a forged instrument, and pleaded not guilty to both. It is alleged in the in-formation that Bell, on Jan. 4, 1994, forged the name of Fannie M. Naylor to a promissory note for \$100, and passed the same upon Thomas E. Newman.

An injunction suit has been filed in the district court by George H. Horne et al against Rebecca M. Ostler and husband to restrain defendants from obstructing a right of way over part of fot 2, block 120, plat A, Salt Lake City survey. Damages in the sum of \$1,000 are also asked because of previous obstructions placed upon the right of way by defendants.

Upon motion of Dist, Atty, Loofbourow, the case of the state against W. J. White was dismissed by Judge Armstrong yesterday afternoon on the ground of the evidence being insufficient to warrant further action in

State Chairman Hammond Selects Campaign Rooms in D. F. Walker Block.

PRIMARIES COME TONIGHT. OUT OF BUSINESS FOR GOOD

Political Figures and Gossip That Will | Clear Field is Now Left for the Rail-Interest the Politicians of All The Camps

Republican State Chaiman James T. Hammond has decided that since Chairman Martineau has given up the game of holding back, and announced trict court today by Priscilla Corbitt against Wiley B. Corbitt on the grounds of cruelty and failure to support. They were married at Coalville on March 1, 1888, and have four children. It is alleged that defendant has refused to provide for claiming for the his headquarters at his own offices, there is no longer any need of his postponing his own appouncement. It came out today. The D. F. Walker building is the place, and Monday next is the time he will formally open the offices and report for business. As there is still nothing but bare walls and open doors at the county headquar-ters in the Atlas block, this will prob-ably be the first definite move in housng the Republican campaign leaders,

Stena Rowley filed an action for divorce in the district court today against George A. Rowley on the ground of cruelty. The complaint alleges that the parties were married in this city on Oct. 16, 1880, and have two children. Mrs. Rowley claims that her husband frequently called her vile and abusive names and because she refused Tonight the Republican primaries will bring forth the personnel of those who are to vote for party candidates in the state convention scheduled for the Salt. Lake theater Sept, 20. District leaders were consequently busy men today, Pariey P. Christensen came out early and spent considerable time looking up his interests from the headquarters at the law offices of Arthur Brown. There is no doubt a decided interest will be manifest tonight by the friends of the two principal congressional candidates to land their supporters on the delega-tions. Mr. Fishburn of Brigham City, a third party in the race, is reported as very busy in Ogden to capture the Weber county people, and W. D. Liv-ingstone, the fourth entry, is busy in the southern counties, and in the north, but has done very little to influence Salt Lake county primaries.

> Chairman James T. Hammond was asked today what he would say about the probable Republican policy dur ing the coming campaign, as t as he will

'Well," he replied, "you can say that t will be a broad campaign, calculated o be just as broad as party principles, and one under which every party adherent can array himself. It will not be 'anti-machine' to use a term that is being brought into use recently, and certainly not be for any clique

One of the special prerogatives of all state and county chairmen is to figure out how his party is bound to win, from the figures of the last election. Chairman Hammond has his figures and his conclusions that both the county and state Republican tickets are bound to win. He based this conclusion in the case of the state at large, on the fact that Roosevelt polled in 1904 62,446, Parker 33,413, and the Socialist ticket 5,716. The total state vote was in-in splitting up on Powers and Howell for Congress, Howell received 3,771 than the president, while votes less than the president, while Powers polled 27,445. This makes it necessary for the Democratic vote in the state to increase over 7,000 from the

was 14,000, for Powers 10,000 and for the American party candidate who led his party vote, for Governor, 6,500. Chairman Hammond figured that Bank Clearings—Today's local bank clearings amounted to \$811.298.32 as against \$581,628.89 for the same day there could be a gain of 4,000 the American party without their win ning if the Republicans should lose 3,000 of these. This would leave the Repubicans 11,000, give the Americans 10,500 and leave the Democrats 9,000, cording to Mr. Hammand, the American party ticket in that election had Socialist votes which it cannot count on this year, so Chairman Ham-mond has himself figured a winner by In this city the total vote was 22,769. there being only about 9,000 votes outside of the city. The American party is talking of a probable large mining camp vote, but only a small per cent-age of the foreign miners employed at dedicatory ceremonies of the state the various camps in this country, have

vote will probably not grow up to alarming proportions Chairman Hammond had another bit of information to give out today. It was that the Rio Grande and Salt Lake Routes will sell excursion tickets to the Republican convention, good to return till the 21st, and purchasable on the 19th and 20th. The regular amended articles of incorporation of fare one way being a round trip price. He has not yet selected his state or his executive and finance

committees. Democratic Chairman L. R. Marti-neau was at his headquarters today. He returned from Logan this morning, where he went yesterday to attend a meeting of the Democratic forces up that way. He reports that the party is gaining strength in the north, and is sure to land State Senator Barber probable candidate for the senate, back in that body. The county convention meets Oct. 1, and the legislative ticket will be named then as well as the local

When asked on what grounds he figured out a Democratic victory, Chairman Martineau said he was ab solutely confident his party would win this county this fall, and in the state as well, for he felt this was the only way to bring peace within the community. He declared that Republican party is split every kind of way, and instead of just party members, and insurgent members, there is a big faction that has quietly backed up into silence, if not clear out of the party. The times are ripe, he argues, from this alleged situation, for

a Democratic victory. John Clark, formerly mayor of Salt Lake, and for many years a prominent merchant of this city, is being urged by the Democrats to take the nomination as a member of the county commission. Chairman Martineau is supporting his candidacy, and declares in doing it that Mr. Clark is a type of the substantial citizen, who doesn't make politics his business, that the crats are trying to find for their of-fices this fail. L. E. Hall is also a candidate for a place on the county

The American party is gradually getting its ticket together prior to placing it in the field at the convention slated for Saturday, Sept. 22. Thomas D. Pitt is carded for sheriff, as Ben Heywood will not enter the running. Walter W. Little and A. J. Weber want the attorneyship, and no doubt patriots will be crowded out for the other positions.

The Utah Federation of Labor will meet this evening to decided whether a labor ticket shall be placed in the field this fall. The sentiment among labor circles is reported to strongly faver such a proceeding.
